

# REAL EMOTIONS

Can't be yourself  
Won't be long  
Short tempered lives  
With 'whats and ifs'  
Keep it all  
Not your fault  
We see, and we are  
Too much

But I don't wanna be, caught up in these real emotions  
But I don't wanna be caught up in these real emotions

Awake, Life is on  
Told to hope  
Told to lie  
Of 'whats and ifs'  
Not this world  
It stays still  
We see, and we are  
Too much

But I don't wanna be, caught up in these real emotions  
But I don't wanna be, caught up in these real emotions

Keep it all  
Not your fault  
Keep it all  
Not your fault

But I don't wanna be, caught up in these real emotions  
You see, that I don't wanna be, caught up in these real emotions
